

Cover Letter

I am a Senior System Engineer with 4 years of experience in Devops, CloudOps, Linux, Customer Service skills and mentoring abilities, presently I am working with ATMECS Technologies Pvt. Ltd., Hyderabad, India from July 2017 onward.

I have done Red Hat Certification in this field for the advancement. My job experience and technical skills make me a qualified candidate in innovative companies. I assure you that my knowledge and experience will help me to serve the organization in the best possible ways.

These qualities, combined with my dedication and tireless work ethic, should enable me to make a positive impact in the organization. Additional information can be found in my attached resume.

I hope to be hearing from you soon.

Thanks & Regards,
Arjun Shrinivas
